fighting homelessness & poverty

In October last year, Tobi swapped his bed for the night for a sleeping bag outside in order to fight poverty and homelessness here in London. Making Moves managed to raise over £3,000 for the cause. Thank you all to those who supported and donated! And well done to TC for surviving the night!

OUR TEAM GREW TO SEVEN MOVE MAKERS

In July 2017 we welcomed two new Move Makers to join our Business Development team—Jessica and Jack!

WHAT DID WE GET UP TO?

Tobi Crosbie, CEO

And what a year it is has been for Making Moves! We acquired 110,000 square feet on behalf of our clients and saved them a grand total of over £10,000,000!

Highlights for me included our team trips to NYC and The Peak District. We also received nominations for various business awards.

2018 – Bring it on!

For our office Christmas party, the team took a little trip across the English channel to Paris! Here we are looking cheerful (if a little cold) outside the Sacre-Coeur!

IT'S AWARD TIME!

This year we were nominated for a number of awards, including...

1. Amazon Growing Business Award
2. 2 x Costar Agency Awards – Most Active Agent by Acquisitions (Sq. Ft.)
3. We were ranked No. 2 out of all the commercial agencies in the UK for “Total Revenue per Fee-Earner” by Property Week.

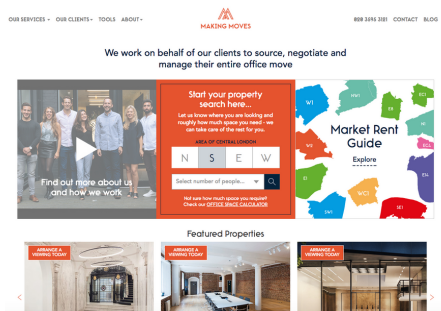

TEAM TRIPS TO NEW YORK AND THE PEAK DISTRICT

In the summer last year, we hiked in the Peak District and flew across the pond to NYC.

WHAT DO OUR CLIENTS SAY?

13 Five Star Google Reviews

"Faced with the challenge of finding a new office space and dealing with all the complex arrangements that it entails, we chanced upon the Making Moves Team. We were slightly sceptical at first, paying someone to help us, but it turns out they were worth every penny." Lisa Bourton, Cerulli

"The Making Moves Team worked tirelessly to find our new office. As a company going through a period of substantial growth we needed space to house current staff whilst also being able to facilitate our growth. Thank you to the Making Moves Team for assisting in the process and securing such a great office." James Franks, Global Web Index
