MOVES WE'VE MADE

Congratulations to all of our clients who we have moved this quarter. These include...

WHAT DID WE GET UP TO?

Tobi Crosbie, CEO & Founder

What an exciting quarter this has been with an expanding Making Moves Team and a trip away to Berlin to celebrate hitting our target last year. A strong start, with my wedding being a personal highlight.

We've celebrated some massive moves. Presented the "Best Place to Work" award at this year's Start Up Award ceremony and attended the bi-annual City vs West Agents White Collar Boxing event which raised over £70,000 for charities including MIND.

We have big plans for 2019, including the launch of two new departments (watch this space for more info). We'd like to take this opportunity to thank our clients and everyone we have worked with this year. Happy Holidays!

MM ABROAD: BERLIN EDITION

In October we had our annual team trip, this year to Berlin! Notable highlights included taking part in a graffiti workshop in which we created our very own Making Moves masterpiece. A great trip with a lot of fun memories.
