MOVES WE'VE MADE

The last quarter has been extremely busy. Congratulations to all our clients who have successfully moved offices through Making Moves. These include...

WHAT DID WE GET UP TO?

Tobi Crosbie, CEO & Founder

What a busy start to the year we have had. Despite the dreaded 'B' word, we continue to soldier on and advise our clients on office moves across the entire City. There currently seems to be a real sense of British resilience in the air, with many companies sick of the actions of politicians and just wanting to move forward with their business. Long may this continue.

We also continue to expand our team, with Ben joining us this quarter and another two new starters due to join imminently. This moves us up to 15 Move Makers. We are continuing to expand throughout 2019 and looking for more hungry recruits to join our disruptive property start-up. Please email us at info@makingmoves.london if you are interested.

SILICON DRINKABOUT

We also sponsored the Silicon Drinkabout this quarter. A fantastic event and a great opportunity to meet so many budding Start-Ups and Entrepreneurs in the area. View the highlights [here](#).

LONDON HOTSPOT: Great Eastern Street, EC2

Great Eastern Street makes up part of the Shoreditch Triangle and has recently seen a number of new interesting concepts open. We would thoroughly recommend trying out the following:-

1. Gloria - An authentic Italian restaurant with 100% fresh produce and a killer cocktail menu to boot!
2. Meetinz - A new co-working space that doubles up as a workspace space for entrepreneurs & a cafe/breakfast/lunch spot.
3. The Linked Inn - Fancy finding a job with your after work drink? A pop-up pub created by Linked In. set to refresh the traditional idea of job hunting.
